Letters to the Editor

Dear Sir:
May I take this opportunity to offer you and the members of your staff a hearty "thank you" for your splendid help during the course of the April Cancer Crusade.

It now appears that the Los Angeles County Branch of the American Cancer Society, will achieve both of its goals—reaching practically every citizen in the county with life-saving facts about cancer, and raising \$985,972 to continue year-round research, education and service. We know that such goals

Auto Dealer Robbed by Doorbell Bandit

An automobile dealer was robbed by a bandit who rang the door bell of his home, 27658 Saddle rd., Rolling Hills, and then ordered the victim into the bedroom closet.
Edward John Kierman told deputy sheriffs that the bandit produced a Luger pistol after he opened the door and robbed him of \$50 in cash which was on a night stand in his bedroom.

would have been impossible without the cooperation and help you gave us. Both the Los Angeles County Branch of the Society and the citizens of the community serviced by your paper owe you a debt of gratitude.

Cordially yours,
BILL BROWNELL
Public Information Director,
Los Angeles County.

Editor:
I am a student at North High, and I read your article in today's newspaper entitled "SCHOOL DISCIPLINE PROBLEM BLASTED."

I want to applaud Mr. Lambertson, my former teacher whom I do not know with heartily. My parents and I have had many long talks concerning Mr. Lambertson and some of the principles for which he was removed from class work, and they, I am sure, believe as I, that Mr. Lambertson is right.

Enclosed you will find a letter addressed to Mr. Lambertson, as I do not know his address, will you be kind enough to forward it to him.

Thank you very much for doing this service for me, and thank you very much for printing the article in your paper.

Yours,
MARY RICHMOND,

Drilling Begins on Wilmington Automobile Lot

Oil drilling operations began this week at the rear of Wilmington Motors, 412 Anaheim st., Wilmington.

"We're probably the only dealer in this area to have oil wells on our lot," said John H. Van Dyke, manager of the Dodge and Plymouth agency.

He said that the stock of cars had to be reduced to make room for the 40-foot strip on the rear of the lot where drilling will be conducted.

This, he pointed out, has resulted in tremendous bargains for prospective buyers.

He said that when the wells come in, the firm, which has been in business for 20 years, will be able to offer outstanding buys because the wells will help reduce the overhead.

"We don't use any gimmicks or give people a fast shuffle. We really are drilling for oil on our property," Van Dyke said.
